(Special Correspondence).

On Monday evening, at Lahaina, Judge Kamae entertained President and Mrs. Dole and members of the Court at the residence of Judge Kamae by giving a grand luan. The President arrived in Lahaina from Hawaii per S. S. Mauna Loa. There were six tables set and were all covered with Hawaiian delicacies. The place was lighted with Japanese lanterns and decorated with evergreens. After the luan everything was cleared and dancing followed, at which time the President and Mrs. Dole, brightly dressed, were seen. The President and Mrs. Dole were seen. A choir from the Lahaina School rendered some songs during the evening. About ten o'clock p. m. the President and party returned to the steamer, which proceeded on her way to Honolulu. A general invitation had been tendered to the people of Lahaina and a great many took advantage of the occasion and took part in the festivities of the evening.

The dedication of the Hana church will take place on Christmas day and it is understood the S. S. Claudine has been chartered to take the members of the different Sunday schools to Hana.

The weather in Lahaina here has been very pleasant these days, being cool mornings and evenings.

## A NEW CHAPEL

Dedicatory Sermon by the  
Rev. H. H. Parker.

Then There Will Be a Praise Service—Admission By Card—The Next Founder's Day.

At the request of Hon. Chas. R. Bishop, an invitation has been extended to Rev. H. H. Parker to deliver the dedicatory sermon upon the formal opening of the Chapel at Kamehameha School, Sunday, the 15th inst. It is quite certain that Rev. Mr. Parker will accept. He has a warm aloha not only for the institution and its founder and patron, but for the Hawaiians themselves.

Upon this occasion admission will necessarily be by card, a list is being prepared by the trustees. The Chapel will seat between 450 and 500. In the neighborhood of 300 seats will be required by the school. These exercises, with special music, will be in the forenoon. In the evening there will be a praise service with a musical program prepared by Prof. Richards, principal of the school and one especially capable by training and experience to direct a festival of song. There is much regret that the new organ is not available, but the pipes have not arrived and a piano will be used. Rev. D. P. Birnie, pastor of Central Union, will be the clergyman officiating at the evening exercises if he can arrange to be there.

The date for the Field Day is Saturday, the 18th. The annual dinner will be given on Monday, the 20th.

Including the dedication of the Chapel, the Founder's Day exercises at Kamehameha this year will be more elaborate and extensive probably than ever before. The trustees and the principals and teachers of the schools, as well as the students and friends of two institutions are eager to mark this year's observance with a stamp that will not soon be effaced. To this end great care has been and is being taken in preparation. Several important features that cannot yet be announced are under consideration.

The new Chapel, which is another appreciated improvement was in the mind of Chas. R. Bishop several years before he could shape the project just as he wanted it. There have always been religious exercises at the school in suitable halls, but now the institution has a grand church of its own, but will have no special religious services some man who will devote almost all of his time to this duty and who will not teach creed. Several names have been mentioned, but no choice is yet made. There will be engaged such a man as will lead the students in the direction of thinking of religion as something that may be applied to the whole life and all their conduct.

This Chapel is a beautiful structure of native stone and cost a fortune. By many it is called the handsomest building in the Islands.

Seventeen Bands of Mercy.

Mrs. Maria Freeman Gray expects to leave Honolulu on the Moana today for her home in San Francisco. Mrs. Gray has organized seventeen Bands of Mercy in this city and reported the same to the headquarters of the American Humane Education Society in

Boston, Mass. This society sends free of charge, to each band for a year, excellent humane literature in order to give information on this subject, and also aid the members in practicing "kindness justice and mercy to every living creature."

Bradford in Court.

Word came by the Helene that C. S. Bradford, who is very well known here, was defendant in a suit in progress in Court in Hilo when the steamer left. There was some disagreement in the settlement of an account created by the purchase of some billiard tables at San Francisco by Bradford for the Hilo hotel.

Geo. Ruttman, tried at Hilo on the charge of embezzlement was acquitted.

A Transfer.

Geo. R. Carter has been secured by Mr. P. C. Jones to take charge of the business of the Hawaiian Safe Deposit and Investment Company upon the opening of the Bank of Hawaii. Mr. Carter leaves Brewer & Co., where he had a responsible position for some time.

## EARLY "MOTHERS"

Meeting of the Ladies Doing Mission Work.

Admirable Paper by "Mother Rice."

True Self Sacrifice—Mr. Damon on the Chinese.

There were about sixty ladies in the lecture room of the Central Union Church Tuesday afternoon for a meeting of the Women's Board of Missions. Mrs. Hyde presided and Mrs. G. P. Andrews was secretary. In the absence of Mrs. Dillingham, the report of the treasurer was read by Mrs. Whitney.

In taking the chair, Mrs. Hyde congratulated the ladies on the very strong evidence of sustained interest in the work of the Board. The attendance was the best for a number of meetings. The presence of strangers was pleasing and their encouragement was an inspiration to all engaged regularly in the work. Mrs. Hyde spoke briefly of her observations in Japan and China along the line of the society interest and furnished much information and a number of new and valuable ideas. Mrs. Hyde was careful and thorough in her investigations in the Orient and returns with facts to meet reports too often misleading.

After a number of reports had been heard a paper was read by "Mother Rice" that held the very closest attention of all until the last word had been uttered. "Mother Rice" sat for the reading, but had no trouble in making out her manuscript and spoke in such clear tones that every word was heard all over the large room.

She told of the early "Mothers in Israel" of their noble work and true self-sacrifice and what was better still of the results that may be seen today of their work of half a century ago. This paper was so notable and of so much worth and general interest that at a future date it will be published in full.

Mr. Frank Damon spoke for fifteen minutes on Chinese work in Honolulu and on the other Islands and threw much light upon the condition of the field, its hopes and needs. He has lately established in connection with the Hotel street mission a reading room open to all nationalities and desires illustrated papers and magazines for its shelves and tables. Mr. Damon is undertaking a work among the half hundred Chinese cabmen of the city and suggested to the society that there was a field in the ranks of the other cab-owners and drivers. The new Chinese hospital authorities co-operate with those who wish to push religious work at that place. Mr. Damon had taken one of the professional nurses of the Queen's Hospital to the Chinese hospital and she had commended its cleanliness, condition and system. The speaker related the incident of an aged Chinese woman of one of the other Islands who had a tumor removed at the Queen's Hospital after being a sufferer for sixteen years and as she was told, an incurable. The woman showed a strong Christian spirit in her trial. Dr. Wood and his colleagues were successful and her recovery will be one of those things, Mr. Damon declares which will result in great benefit by showing the Chinese that they can place confidence in their white Christian friends and in foreign surgeons and doctors. Mr. Damon was pleased to report that the Mills school work was progressing satisfactorily. The best sign he could cite was the fact that there remained over the boys and girls after they left the institution a very large portion of the spirit of its control to assist themselves and those with whom they came in contact.

AT THE PALL.

Half Caste Boy Hurt and in the Hospital.

A half-caste boy whose name could not be learned from himself or friends or associates is in the Queen's Hospital under care for injuries received at the Pall yesterday morning. He is seriously hurt about the head.

The boy was one of the workmen for the contractors and was on duty on the lower road. A stone that somehow rolled from above struck the young fellow on the side of the head. There was a very bad bruise about the ear and it is barely possible that

the skull was fractured. Dr. J. T. Wayson was called and made a dressing of the injury. Late in the afternoon it was decided to bring the boy to the city and last night he was placed in the hospital. He seemed to be resting easily. It is the belief that he will recover, but the full, or rather the exact extent of his injury cannot yet be finally determined. The stone also struck him on the shoulder.

## MAN AND WHEEL

Austrian Cyclist Making a Tour of the World.

Will Soon Visit Honolulu—Traveling on a Wager—Incidents—Reception in America.

There arrived in San Francisco a few days ago, says a paper of that city, a young Australian, who left Vienna last September for a bicycle trip around the world on a wager of \$5,000 to make the journey in a period of two years. The name of the gentleman is Sigmund Bachmann. He is recognized in his native land as a long-distance rider.

Mr. Bachmann rode his wheel across Continental Europe, passing through all the leading cities, and finally embarking at Bordeaux for England. While in London he broke his left leg, which disabled and delayed him for two months.

Crossing the Atlantic, the city of New York was reached and then began the tedious trip to the Pacific coast, which Mr. Bachmann reached without mishap and in excellent health.

It may be mentioned that in Chicago, Mr. Bachmann discarded his heavy and cumbersome Austrian wheel for one of the latest American makes. Being equipped with an up-to-date machine is of great service to the young traveler, as he rides both easier and faster.

The next move will be to Australia, and thence by way of China, Japan and Asia to the Mediterranean, where the gentleman will again embark for Europe and travel by wheel to the capital of Austria, which must be reached not later than the 17th day of September, 1898.

It must be understood that the trip of Mr. Bachmann is attended with many personal inconveniences and hardships. By the terms of the wager he is not allowed to solicit aid, and must depend wholly upon the voluntary generosity of people who may take an interest in his mission.

When it is further stated that the bicycle globe-trotter does not speak a word of English, but only the German language, the difficulties attending his trip, it will be realized, are of greater magnitude, and therefore harder to overcome.

So far Sigmund Bachmann has been royally received in every town in America through which he has passed, and particularly so wherever there is a branch of the L. A. W. established. Bachmann has sent word that he will make a stop in Honolulu.
